The Need for Student

Housing

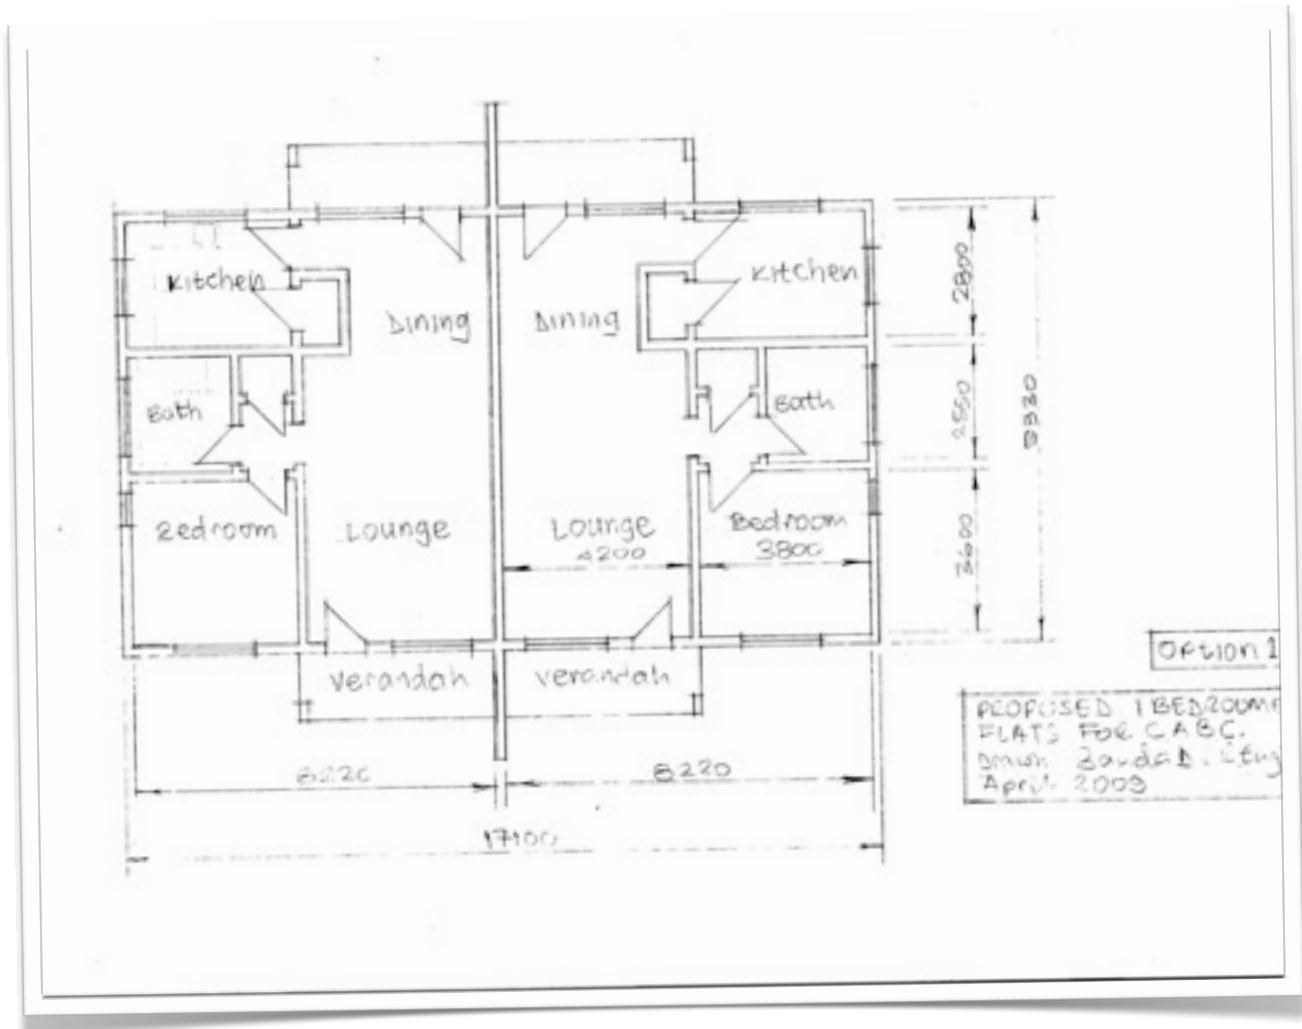

Though **Zambian Pastor Saidi Chishimba** (pictured above) has his own housing, there are many international married students who will require accommodations during their time in College. Applications and inquiries for the 2010 academic year have been received from:

- Ghana, West Africa (2)
- Democratic Republic of Congo (2)
- Malawi, East Africa (1)
- Kenya - (Enquiries)

In order to accept them, housing must be built.
